News and Views . . .

and what have you by BOB CRAIG

It was real gratifying to see such a fine turnout Monday night in Albany for the girls bi-district game. I believe everyone concerned was happy with the support shown for the team.

The girls will play in the regional tournament Saturday morning in Lubbock and knowing that a Saturday morning game is much harder for most people to make than a night game we still hope that as many fans as possible will make the extra effort it will take to support the girls.

A note was received this week with a change of address from Mrs. Tom A. Williams. She mentions that she first subscribed to the Herald in 1933 and still enjoys it. She especially enjoys the news about "old-timers."

This might be a good time to mention that we at the Herald office would appreciate a call from our readers when they go somewhere or have company from out of town. We would like to have more "personals" and items of interest.

Made up of clips from small-town newspapers, the following bits of grassroots wisdom are just a few of those The National Observer has carried recently.

LOCAL FIRE DEPARTMENT PLAGUED WITH GRASS FIRES

Grass fires continue to be a problem for the Hamlin Volunteer Fire Department as they have made seven calls since the last report. The most severe was when they were called to the Swenson Ranch at 11:15 a.m. Sunday. They fought the Haskell County blaze until 5 p.m. along with men and trucks from Aspermont, Haskell, Anson and Stamford. Over 4,000 acres of grassland was burned before the fire was extinguished about 5 p.m.

Other calls made for grass fires include two in the east section of town. One Wednesday and another Thursday, resulting in minor damage to a vacant house. Also Thursday a false alarm was answered at 4:50 p.m. at the football stadium. The stadium seats were reported as being on fire. The police are investigating the incident.

Friday at 2:35 p.m. the fire was located in the east part of town. Saturday morning about 11 the department went

to the George Ashburn farm eight miles east of town. Again on Saturday the department was called out to go to the Chittenden Ranch 10 miles Southeast of Hamlin where 75 to 100 acres of ranchland burned. Damage also resulted to the fence posts. After two hours the fire was brought under control with the help of the Anson Fire Dept.

Years Ago...

FORTY YEARS AGO

There's music in the air. There are many Hamlin boys now with bright new instruments, tickling the gentle night breezes with their efforts to subdue the tangled mess of notes. Prof. C. E. Let's boost our boys and after one more year we shall have a dandy group of players... A beautiful pair of twin girls arrived at the home of Mr. and Mrs. J. L. Milsap Wednesday night, and J. L. says he would not swap them for all of Jones County. So watch out, don't risk too much for Mr. Milsap is stepping high and is not altogether responsible for his acts these days.

TWENTY YEARS AGO

Davison well, mile and a half west of McCaulley, is flowing 400 barrels of oil per day, according to reports to the Herald at press time... Several Hamlin fishermen re-

turned the first of the week from a trip to Mexico, bringing home a big haul of fish. In the party were Ted Russell, Stanley Carmichael, Mayor Holly Toier and L. H. McBride... A Parents Club, for assisting with the Cub Scout and Boy Scout movement, has been organized. Seven dens of Cub Scouts have been started.

TEN YEARS AGO

In the cast will be Marylee Roland, Joe Ray Rosenbaum, Nona Witt, Marvin Johnson, Jerry Lee, Joe Don Hymen, Clark Hewett, Guy Weaver, Jo Ann Carroll, Maxine Crawford, Laverne Higdon, Dorothy Lujan, Robert Fletcher, Allene Reynolds and Jo Ann Holmes.

the GOOD NEWS!

An excited aliveness!... That describes a man getting good news over the telephone. Then, there is the gospel, which means "The Good News" which gives life when it comes to a man. It generates life anew. This Good News is proclaimed weekly and oftentimes daily, through God's messenger in His Church. Jesus announced the Good News when He said, "I am come that they might have life, and that they might have it more abundantly." Matthew 10:10. Listen to the proclamation of the Good News in the church of your choice on Sunday.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for men to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

OLD GLORY...

COMMUNITY—

Much sickness continues to prevail in our area with nearly every person "boasting" a cold or sore throat or aching all over. The shots, red capsules and aspirin business has been booming. The high winds and sandstorms have added to the misery and the need for rain is so great that the rest of the folks are sick from worry.

The Old Glory Variety Club met last Tuesday in the John L. Garner home with Mrs. Garner as hostess. The members played "42". Every member except two were present.

SCHOOL—
Students of the Old Glory eighth grade report a "superb"

time at their banquet last Friday night. They had over 60 present with students, parents, teachers, servers and waitresses. Decorations were elaborate and colorful. The class, and sponsor, Mrs. Mary Jo Leverett wish to thank everyone who had a part in making the banquet a success. They wish especially to thank the Hamlin B.C.D. for the use of their colorful table decorations. They added much to the setting.

The District Teachers meet will be in Wichita Falls Friday. Mrs. Vera Bell of Old Glory will be one of the delegates from Stonewall county attending the meeting. School will be dismissed in order that the teachers may attend.

Nearly every student in school is coming out for one or more Interscholastic League Event. The local tryouts will be March 13. The one-act play contest will be held at Eula school on the afternoon and night of March 22. District tennis play-offs will be the week of March 16 and Volleyball will be March 25-29. FAIRVIEW NEWS

By MRS. ELMER JOINER

All other news seems of such a little meaning this Monday morning, when we view the tragedies that have happened to our friends and near neighbors in other communities the past few days and hours. We expect to die when we reach a certain age but when our young people are killed with such increasing numbers it is more than we can understand. All we can do or say is, We are sorry, but it is such a little thing.

Word has been received this morning of the death of Ray Johnson Jr., in a car accident, last night at about 11:30, in the Abilene vicinity. He was the son of Mr. and Mrs. Ray Johnson, who live out our way. Words cannot express our sympathy to the bereaved ones.

Although we did not know any of the girls and the teacher, that were killed Friday, from the Noodle school, in a wreck near Cross Plains, our hearts go out to them all in their sorrow. The girls were some one's daughters, and we not knowing them, didn't make it any less tragic. And the young mother, leaving her three babies, it is something we just can't comprehend, all we can do is leave it to a Higher Power, who knows and understands all.

Bryan Goodwin, brother of Woodrow Goodwin and a resident of the Hanna community, passed away Sunday afternoon in the Anson Hospital. Although he had been ill for some time, death was unexpected at the time, since he seemed to be improved from Saturday. He was brought from the nursing home in Roby to the hospital Friday. Services will be held in the Hanna Baptist Church, Tuesday, at 2:00 p.m. He is survived by three daughters, several grandchildren, and twelve brothers and sisters.

Jesse Treadwell, resident of Hamlin, and pioneer of our vicinity is improving each day, after spending six weeks in the Anson Hospital, fighting a bout with double pneumonia and complications.

Mrs. Woodrow Goodwin has been on the sick list last week, also Mrs. Joe Ford was not able to be in church Sunday, suffering from a cold.

Several visitors were with us Sunday and Sunday night. Mrs. J. W. Ray Lubbock, who is visiting her daughter, Mrs. Derrel Lewis, was in both services Sunday. Mrs. Ray's husband recently passed away in Lubbock.

Mr. and Mrs. J. D. King, Midland, surprised her sister, Mrs. Fred Rosenbaum, Sunday night, by walking in on them at church services. We are always glad to have them with us, as Mrs. King was a little girl in our community, being the former Thelma Downey.

Quite a bit of excitement was caused Sunday night when some strange people walked in, upon investigating it was found that they were Mr. and Mrs. Berney Surek, from Stamford, and Little daughter, Rosie. They had been married in our church 17 years ago this month, by the pastor, George Masingle. She was a former Kutach girl, and it was obvious why they wanted to visit the place of their marriage, although no one was present that was there when they lived in our community.

Mrs. Mary Sue Henry, Rule,

and her daughter, Ann, who is a teacher in the Lubbock schools, visited with Mr. and Mrs. E. A. Henry Saturday.

The Henry's son, Mr. and Mrs. Clois Henry and children, Snyder, visited with their parents Sunday.

Nancy Ford was one of the girls from the Hamlin FHA department, to attend the area meeting of the group, on the campus of Tarleton State College in Stephenville, Friday and Saturday.

Mr. and Mrs. Fred Rosenbaum visited with Mr. and Mrs. Elmer Joiner Sunday afternoon.

Mr. and Mrs. Flavil Holmes, Mr. and Mrs. Jack Wright and children went to Midland to spend the week end with Mr. and Mrs. Jimmy Holmes.

Mrs. Winslow Gray visited with Mrs. Johnnie Agnew Saturday afternoon. Mrs. Agnew is recuperating from major surgery and is reported to be doing fine.

Mrs. E. A. Henry visited with Mrs. John Dutton, in Anson, last Friday afternoon. Mr. and Mrs. Dutton are both poorly, which we are sorry to hear.

Mrs. H. L. Ford's sister, Mr. and Mrs. Ralph Rosmand, Dallas, visited with her Saturday.

Mr. and Mrs. Jimmy Joiner and children, Stamford, took supper with his parents, Mr. and Mrs. Elmer Joiner, Wednesday and Friday nights.

Saturday night Mr. and Mrs. Emmitt Thackerson and Mr. and Mrs. Harold Valiant, visited with Mr. and Mrs. E. A. Henry.

Fourteen attended the mid-week services Wednesday night, which was a fair crowd, considering that the pastor was unable to be there.

Another sad event happened over Corinth way last week. The Corinth Baptist Church, once a strong rural church, voted to disband and sell their building, a victim of the changing times in the rural communities.

Family night at our church will be celebrated this coming Friday night with a supper in the home of our pastor, in Rotan. All are urged to attend and partake of the good food and fellowship to follow. Mrs. Lewis even agreed to barbecue the church coon, if some one would catch it for her.

The coon is still on the premises for every one thought it was coming out Sunday night to attend services, from the commotion it made in the walls.

Ann Cumbie and Mike Baldwin Win Essay Contest

Anny Cumbie and Mike Baldwin won the Stonewall County 4-H, Soil Conservation District Essay Contest. The subject of the contest was "Conservation A Way of Life," and was sponsored by the King-Stonewall Conservation District. Thomas McMeans, chairman.

Judy White was second place winner in the junior division and Judy Sander was third.

In the senior division Perry Workman was second and Brenda Dalby was third.

It is possible to leave Wake Island on January 21 and arrive at Midway Island on January 20.

GREAT DAY

FOR GETTING THINGS DONE BY PHONE

So maybe the rain is coming down in sheets. Lightning flashing.

Thunder booming.

No matter how wretched the weather, you can keep right on using your telephone.

Some years ago, bad weather might have affected your telephone service.

Today, things are different.

Most telephone cables are now filled with pressurized dry air. If a cable springs a leak,

the force of the escaping dry air holds out moisture and keeps phones working. An alarm automatically tells repairmen the location of the break. Usually, the trouble is fixed and you never know anything was wrong.

So go ahead and use your phone when the sky opens up and the rain comes down. Pressurizing telephone cables to give you storm-proof dependability is another improvement made with you in mind. Our never-ending goal is to improve your telephone service and make it more valuable to you.

NEINDA PHILOSOPHER AMAZED TO FIND OUT NEW YORKERS PREFER LOCAL NEWS, SAME AS REST OF US

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One uncovers a fact about people in his letter this week.

I know everybody is supposed to be international-minded these days, that it's only ten hours by jet from this Johnson grass farm to the other side of the world, if you could find a place to take off from, or land when you get there, that it's only 20 minutes by missile and one of those things does not need a landing field, and so I try to keep abreast of things and not upset world affairs, in fact, lots of time I have left off important work that should have been done around here until I had studied its effect on DeGaulle's thinking, if you want to call it that—not going to catch me repairing a fence if it's going to keep England out of the Common Market, but last night I ran across an item that makes me doubt if some areas of the nation are keeping up with this advanced notion.

In fact, the area is New York City.

Now you'd think New Yorkers, with all their metropolitan advantages, would be in the lead in world thinking. But according to this article, the thing that New Yorkers miss most while the city is without newspapers due to the strike is local news.

They can find out from out-of-town newspapers shipped in what the Cuban situation is, or what it isn't, depending on who's saying it; what the situation is in Europe; what Khrushchev has pledged this morning but not necessarily what he has done this afternoon; what Congress has done, or thinks it's done, and things like that, but this doesn't satisfy them. What they want to know is what's happening in New York.

This bowled me over, or would have if I hadn't been stretched out at the time. You mean to say New Yorkers are just like people in Hamlin? That New York women are interested in New York weddings first and the national budget second? That what happens to people they know is more interesting than the situation in the Congo? That plans for repairing a worn-out street on your way to work is more fascinating than building a foreign-aid dam on the Nile?

Understand, this doesn't mean the people in New York or

THIS is the Center of the Southwest.

The Center of the Southwest is our service area.

It is called the Center of the Southwest because it is in the very heart of one of the Nation's fastest growing regions.

For many months we have been engaged in an extensive expansion program throughout our service area, enlarging both generating capacity and distribution facilities.

It is a far-sighted, long-range program based on one simple fact. We are convinced that the Center of the Southwest faces GROWTH UNLIMITED.

Current conditions confirm the belief. Population is increasing, more businesses are moving in, new industry is coming our way, natural resources are being developed, bank deposits, spendable income and business construction all are on the way up.

That is why we are investing millions to meet the present growth of the Center of the Southwest, and to be prepared for its continued development in the months and years ahead.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

Austin — Some like it hot. Some like it cold.

Politicians seem to prefer the latter. So, candidates again will campaign from the freezing weather of January and February, right up to the heat of summer.

This preference on the part

of office holders became evident when the Texas House of Representatives killed a bill by Rep. Howard Green of Fort Worth that would have moved the Spring voting dates to August and September.

Representative Green urged passage of his bill to bring the voting dates closer to the General Election and thus cut campaigning time in half. But the House would have none of it. Legislators decapitated the bill 97-44.

Opponents argued that August was vacation time, therefore a poor time to try to get out the voters.

Green countered with a reminder that absentee voting took care of that problem. But the House refused to concur. In fact members proved their almost total dislike for the bill by most unusual move. They struck the enacting clause . . . which was like severing a head and leaving only the body.

FIRST FILIBUSTER — Gov. John B. Connally's program on higher education has run into trouble in both houses of the legislature.

House State Affairs subcommittee, considering the bill to create a 25-member study committee on higher education, is holding up the measure in the lower chamber.

Sen. Andy Rogers of Childress delayed action on the bill for at least six days with a Senate filibuster.

House subcommittee and Senator Rogers both feel that other top officials, in addition to the governor, should have

a say in selecting the 25 committee members. They propose that the governor name 15 committeemen, Lt. Gov. Preston Smith five, and Speaker Byron Tunnell five.

Governor Connally, who still is recuperating from a hernia operation, believes he can get a better balanced committee if he names all members.

TRESPASSING BILL — Rep. Bill Rapp of Raymondville, wants to simplify trespassing convictions.

He has introduced a bill that would allow a landowner to establish ownership simply by going into court and swearing he owns the land. But Rep. Rapp found few supporters when he appeared before the House Criminal Jurisprudence Committee.

Rep. Travis Peeler of Corpus Christi backed him up. "I know of no convictions in my area," he said. "It is so absurd to spend money \$500 to establish title to get a \$50 conviction, no one tries it."

Rapp told the committee, "I own no land, but I feel that a man who owns land should be able to keep me off if he doesn't want me on. People know they can get by with trespassing under the present law, so they trespass."

He said ranchers in his part of Texas are especially plagued with trespassing hunters.

Criminal jurisprudence committee agreed with Rapp that a man should be able to protect his land from hunters who might mistake cows for deer. But some were afraid that the bill could be used to establish title in an ownership dispute.

So the bill was sent to a subcommittee to have the wrinkles ironed out.

SENATE CHANGE PROPOSED — Big city legislators joined Rep. Tom Bass of Houston in a new effort to break up the rural domination of the state senate.

Bass' resolution calling for a vote on a constitutional amendment that would cut out the limitation of one senator per district was signed by Reps. Herbert Shutt, Chet Brooks and Charles Whitfield of Houston; V. E. Berry and Jake Morgan of San Antonio; Dick Morgan and George Macatee of Dallas, and Dave Finney of Fort Worth.

Under Bass' proposal, Harris County would get four state senators on the basis of qualified electors. But no one has suggested a solution to the constitutional limitations that restricts the senate to 31 members.

OPEN MEETINGS — By the time Rep. Chet Brooks' bill to

and local boards, commissions and councils passed the House of Representatives, it was little more than a legislative resolution in favor of open public meetings.

Brooks — news reporter on leave from the Houston Post — failed in his attempts to fight the exclusion of a penalty. So the way the bill now stands, if a citizen is barred from a meeting of elected governmental officials, he may seek an injunction against the barring group.

Rep. Charles Whitfield of Houston said, "Ordinarily, it takes eight or 10 days to get an injunction. Meanwhile the meeting is over."

COUNTY PARKS BILL PASSES — House of Representative voted to give county commissioners authority to set speed limits in county parks and more regulations against littering.

Rep. James L. Lattimore of Corpus Christi was author of the bill. It now goes to the Senate for confirmation.

A 14-MAN JURY? — House criminal jurisprudence committee praised a bill by Houston representative Paul Floyd and sent it to the House for a vote.

Bill provides for the selection of one or two alternate jurors, to be used in case regular jurors become ill.

Present law calls for only 12 men. Often this results in mistrials because a jurymen may become sick midway through a trial.

Under Floyd's bill, the 13th and/or 14th juror would sit through the entire trial and follow regular jury rules. But he would sit in on a verdict decision only if one of the regular dozen became incapacitated.

COURT RULES ON SAFETY LAW — Col. Homer Garrison Jr., director of the State Department of Public Safety, cautioned drivers of publicly-owned vehicles that they must comply with the provisions of the state's responsibility law.

Garrison said that a recent ruling by the Waco Court of Civil Appeals confirmed the fact that the law must be complied with by drivers of publicly-owned vehicles. The safety responsibility law requires everyone involved in an accident to show his ability to pay for damages caused to others.

This can be done by purchasing a liability insurance policy; by obtaining written releases from damaged persons; or by depositing cash in the amount of damages with the Department of Public Safety.

House Committee on Insurance has approved a bill by

Rep. Robert Fairchild of Center which would strengthen and stiffen the safety responsibility law. Under this bill, if anyone failed to prove financial responsibility, the DPS could take his driver's license, as well as his car license plates.

LYNCH BAN CONSTITUTIONAL — A law prohibiting lynching is constitutional, says Atty. Gen. Waggoner Carr.

Carr also held that Floyd R. Palmer Landscape Company can be held to a bid of \$16,161 for landscaping work around a state office building, even though the company says it will lose money on the project.

In other opinions, Carr said: A facility caring for six or less children during the day must be licensed as a commercial boarding house.

A county which purchases gasoline for its own use must pay the state excise tax, but is not subject to the federal excise tax.

Texas, buying and registering cars in other states, still must pay the 1.5 per cent tax on the purchase price if the car is operated in Texas.

New residents coming into the state, are subject to a \$15 use tax, he says.

VENDORS WIN — The state cannot collect the two per cent sales tax on sales through vending machines, where each sale is less than the minimum 24-cent taxable range.

Justice John C. Phillips of the Austin Court of Civil Appeals pointed out that the sales tax is a levy on the consumer, not the vendor.

"VACATION STATE" — A lady legislator believes the slogan "Vacation State" will bring Texas a bundle of tourists dollars.

Rep. Myra Banfield of Rosenberg wants that slogan placed on all future Texas auto license plates.

She has introduced such a resolution in the House, asking that the Texas Highway Department order it done.

"Personally, I believe that tourism can bring more money into our state than any industry," she says.

VACCINATION REMINDER — Texas Health Department currently is reminding travelers to foreign countries of the need for certificates of vaccination.

Citizens planning to go abroad or visit the interior of Mexico must obtain a small-pox vaccination certificate.

U. S. citizens returning from another country are required to have valid International Certificate of Vaccination or re-vaccination against the disease.

SHORT SNORTS — Texas again led the nation in 1962 as the foremost interstate highway builder with 3,000 miles of highway construction contracts awarded during the year.

Rep. Bill Rapp of Raymondville and Rep. Maurice Pipkin of Brownsville introduced a bill to repeal the 1961 Sunday Blue Law.

State Comptroller Robert S. Calvert said a new cigarette vending machine permit — a gold, pressure-sensitive decal — must be displayed on all machines March 1.

On March 20, principal executives from oil purchasers throughout the nation will come to Austin to testify on the demand for Texas oil.

Savings and loan associations may operate multiple branches within the same city says the Third Court of Civil Appeals in Austin.

It costs \$7,200 to get a loaded B-47 jet bomber off the runway.

Cisco — Robert Brandon, sophomore student from Hamlin at Cisco Junior College, is a member of the Wrangler basketball team which has been selected to play in the Region Four National basketball tournament at Amarillo. The tournament will be held March 7, 8, 9, according to Bob Carter, region director.

Chosen as one of the eight teams from this region out of a possible 15, the Wranglers finished their season early in February with a win-lose record of 10-15, finishing fourth in the region.

Brandon is the son of Mr. and Mrs. O. E. Brandon of Hamlin.

SAFETY ASSOCIATION TELLS DISTANCES NEEDED TO STOP

How much space is needed for a car to stop? A lot more than you might think, according to the Texas Safety Association.

A dime—or even a dollar—is not quite enough, even under the best of conditions.

Stopping distance is the sum of reaction and braking distances, and these depend on several variables.

Reaction distance is how far you go while you make a decision and get your foot to the brake. It varies with speed.

Reaction time for most drivers is about three-quarters of a second. In that time a vehicle moving at 20 miles an hour travels 22 feet; at 50 miles an hour it goes 55 feet. At a given speed, the distance is the same regardless of the type of vehicle, condition of roadway or state of weather.

Braking distance is how far you can go once the brakes are

applied. This varies with speed and type of vehicle, as well as with conditions of road, brakes, and so on.

The National Safety Council reports that for a passenger car on level, dry pavement, braking distance at 20 miles an hour averages 25 feet, while at 50 miles an hour it is 188 feet. This means that the car's total stopping distance at 20 miles an hour is 47 feet, and at 50, it is 243 feet.

The stopping distances are greater for trucks and vary with their size. At 20 miles an hour a light two-axle truck needs about 52 feet, while a heavy three-axle truck or combination needs 72 feet.

These stopping distances are averages. Precise stopping distances cannot be determined because of such obvious variables as roadway and brake conditions, and less pressure to the brake pedal.

More important than the braking distance is perception time. This can be zero, as when a driver is watching the tail lights of the car ahead when the brake lights go on. It can be several seconds if the driver is watching something to one side and does not see at once a situation in the roadway which requires him to stop.

Knowing that reaction distance at 30 miles an hour is 33 feet does not mean that that is a safe distance to keep from the car in front, the Association warns.

Don't depend on reaction time to get you out of trouble. You can't see every emergency as soon as it arises. Drive in such a way that you don't need your reaction time and braking distance to avoid an accident.

Then, when you do need them, they'll still be there.

Sharon Townley Named 6th Grade Band Winner

Sharon Townley, who plays the clarinet in the Sixth Grade Band, was selected by the group as "First Chair of the Month" last week. Other first chair players and their instruments include: Joey Duncan, alto sax; Jane Hymer, snare drum; Sharice Nail, flute; Pat Perrin, cornet; and Mike Young, trombone.

Sharon is the daughter of Mr. and Mrs. Jack E. Townley.

5th Grade Band Chair of Month

Mike Owen was selected "First Chair of the Month" of the Fifth Grade Band last week. The selection was made from all those who were in first chair positions. This included: Tony Collins, cornet; Thomas Goolsby, trombone; Leslie Harkey, flute; Rochelle Kincaid, alto sax; Jeannie Trotter, clarinet.

Mike, son of Mr. and Mrs. C. B. Owen, plays the snare drum.

Charlie Myatt Recognized for Livestock Work

Charlie Myatt, hardworking Jones County rancher from Nugent, successfully led Jones County over the top in the Jones County Screwworm Fund Drive, just as he previously led the County in the Brucellosis testing program. Jones County livestock producers owe a debt of gratitude to Myatt and his committee for getting these programs put over.

It was under his leadership that Jones County became a Modified Certified Brucellosis Free Area on December 13, 1962; and just two months later, Myatt and his committee were largely responsible for the collection of \$9,500.00 for the Jones County Screwworm Eradication Program.

County Agent, Kirby Clayton, describes Myatt as a man who just won't give up when assigned a job, until that job is completed. "When everyone else had given up, Myatt continued to fight to put these programs over—many times giving his own car hundreds of miles at his own expense," Clayton said.

Myatt, in his humble way, gives all the credit to those hardworking committeemen, bankers, businessmen and sportsmen who worked so hard and gave so liberally of their time and money. In commenting on these programs, Clayton says they are worth thousands of dollars to Jones County Livestock Producers and to the County's economy.

and what have you by BOB CRAIG

It was real gratifying to see such a fine turnout Monday night in Albany for the girls bi-district game. I believe everyone concerned was happy with the support shown for the team.

The girls will play in the regional tournament Saturday morning in Lubbock and knowing that a Saturday morning game is much harder for most people to make than a night game we still hope that as many fans as possible will make the extra effort it will take to support the girls.

A note was received this week with a change of address from Mrs. Tom A. Williams. She mentions that she first subscribed to the Herald in 1933 and still enjoys it. She especially enjoys the news about "old-timers."

This might be a good time to mention that we at the Herald office would appreciate a call from our readers when they go somewhere or have company from out of town. We would like to have more "personals" and items of interest.

LOCAL FIRE DEPARTMENT PLAGUED WITH GRASS FIRES

Grass fires continue to be a problem for the Hamlin Volunteer Fire Department as they have made seven calls since the last report. The most severe was when they were called to the Swenson Ranch at 11:15 a.m. Sunday. They fought the Haskell County blaze until 5 p.m. along with men and trucks from Aspermont, Haskell, Anson and Stamford. Over 4,000 acres of grassland was burned before the fire was extinguished about 5 p.m.

Other calls made for grass fires include two in the east section of town. One Wednesday and another Thursday, resulting in minor damage to a vacant house.

Also Thursday a false alarm was answered at 4:50 p.m. at the football stadium. The stadium seats were reported as being on fire. The police are investigating the incident.

Friday at 2:35 p.m. the fire was located in the east part of town. Saturday morning about 11 the department went

to the George Ashburn farm eight miles east of town. Again on Saturday the department was called out to go to the Chittenden Ranch 10 miles Southeast of Hamlin where 75 to 100 acres of ranchland burned. Damage also resulted to the fence posts. After two hours the fire was brought under control with the help of the Anson Fire Dept.

Years Ago...

FORTY YEARS AGO

There's music in the air. There are many Hamlin boys now with bright new instruments, tickling the gentle night breezes with their efforts to subdue the tangled mess of notes. Prof. C. E. Rhodes is very enthusiastic over the progress so far. There will be at least thirty-five pieces playing when the real spring violets begin to peep out. A good live band makes a good live town. Let's boost our boys and after one more year we shall have a dandy group of players. A beautiful pair of twin girls arrived at the home of Mr. and Mrs. J. L. Milsap Wednesday night, and J. L. says he would not swap them for all of Jones County. So watch out, don't risk too much for Mr. Milsap is stepping high and is not altogether responsible for his acts these days.

TWENTY YEARS AGO

W. L. Fletcher Jr. was elected president of the Hamlin High School Parent-Teacher Association. Other officers are: Mrs. Tate May, vice president, Pernice Whitely, secretary, Mrs. R. Y. Barrow, treasurer. A rabbit drive will be staged at Tuxedo next Thursday. Dinner of barbeque and the trimmings will be served free to all hunters. Winners in the annual Hamlin FFA Stock Show last Saturday included: Fat Barrows—L. B. Bruner, Dean Redus, and Garland Preston, first, second and third; fat steers—George Dean, Bobby Gill and James Goodgame; fat lambs—Lewis Tidwell, W. L. Hunter and John Ware Jr.

FIFTEEN YEARS AGO

More than 400 area high school girls are expected to attend the Future Homemakers of America session of Area 2, Saturday at Hamlin. The W. F. Davison well, mile and a half west of McCaulley, is flowing 400 barrels of oil per day, according to reports to the Herald at press time. Several Hamlin fishermen re-

turned the first of the week from a trip to Mexico, bringing home a big haul of fish. In the party were Ted Russell, Stanley Carmichael, Mayor Holly Toler and L. H. McBride. A Parents Club, for assisting with the Cub Scout and Boy Scout movement, has been organized. Seven dens of Cub Scouts have been started.

TEN YEARS AGO

J. R. Elliott Jr., 26 year old former Hamlin man, died Wednesday morning in the crash of a freight plane in Connecticut. He was flying between New York and Chicago. Members of the Senior class of Hamlin High School will present their annual class play Friday evening. In the cast will be Marylee Roland, Joe Ray Rosenbaum, Nona Witt, Marvin Johnson, Jerry Lee, Joe Don Hymer, Clark Hewett, Guy Weaver, Jo Ann Carroll, Maxine Crawford, Laverne Higdon, Dorothy Lujan, Robert Fletcher, Allene Reynolds and Jo Ann Holmes.

FIVE YEARS AGO

Tate May, Hamlin banker, was this week announced as chairman of the community's Easter Seal campaign. Ray Johnson and Jimmy Shivers received their Eagle Scout awards at the annual blue and gold banquet for scouts and their families. John Howard Jr. was named new president of the Rotary Club. Jones County lags again in purchase of Savings Bonds. A boy was born to Mr. and Mrs. Joe E. Ford February 28. His weight was tabbed at five pounds eight ounces. The youngster had not been named when this copy was prepared. A girl for Mr. and Mrs. A. R. West arrived February 24. After having her weight checked at an even seven pounds, she accepted the label, Sherry Ellen.

the GOOD NEWS!

An excited aliveness!... That describes a man getting good news over the telephone. Then, there is the gospel, which means "The Good News" which gives life when it comes to a man. It generates life anew. This Good News is proclaimed weekly and oftentimes daily, through God's messenger in His Church. Jesus announced the Good News when He said, "I am come that they might have life, and that they might have it more abundantly." Matthew 10:10. Listen to the proclamation of the Good News in the church of your choice on Sunday.

OLD GLORY...

COMMUNITY—

Much sickness continues to prevail in our area with nearly every person "boasting" a cold or sore throat or aching all over. The shots, red capsules and aspirin business has been booming. The high winds and sandstorms have added to the misery and the need for rain is so great that the rest of the folks are sick from worry.

The Old Glory Variety Club met last Tuesday in the John L. Garner home with Mrs. Garner as hostess. The members played "42". Every member except two were present.

SCHOOL—

Students of the Old Glory eighth grade report a "superb"

time at their banquet last Friday night. They had over 60 present with students, parents, teachers, servers and waitresses. Decorations were elaborate and colorful. The class, and sponsor, Mrs. Mary Jo Leverett wish to thank everyone who had a part in making the banquet a success. They wish especially to thank the Hamlin B.C.D. for the use of their colorful table decorations. They added much to the setting.

The District Teachers meet will be in Wichita Falls Friday. Mrs. Vera Beil of Old Glory will be one of the delegates from Stonevall county attending the meeting. School will be dismissed in order that the teachers may attend.

Nearly every student in school is coming out for one or more Interscholastic League Event. The local tryouts will be March 13. The one-act play contest will be held at Eula school on the afternoon and night of March 22. District tennis play-offs will be the week of March 16 and Volleyball will be March 25-29. Literary events will be held at Hawley on Friday, April 5.

DELTA KAPPA GAMMA

Mrs. Maxine Klump and Mrs. Vera Beil attended the Beta Chi Chapter meeting of Delta Kappa Gamma held at Knox City last Saturday. One of the newly elected members was present, Mrs. Sally Wright from Aspermont. Other newly elected members are Mrs. W. C. Robinson of Aspermont and Mrs. Mildred Chambers of Rule. The meeting featured Photographs of Beta Chi Greats. The next meeting will

be on the night of April 6 at Haskell with the Haskell Business and Professional Women's Club members as guests. The subject will be "Women's Capabilities."

PERSONALS—

Sandy Leverett left Saturday for Farmington, New Mexico, where he was to begin employment with the El Paso Natural Gas Company.

Willie Trademeyer has returned home after spending a week in the Stamford Hospital suffering from the "Flu."

Mrs. Willie Fletcher is visiting with her sister and family, Mr. and Mrs. Morris James, in Richardson.

A number of Old Glory basketball fans journeyed to Canyon in order to see Aspermont boys play on Saturday morning. Among those who went were: Mr. and Mrs. Jack Jones, Mr. and Mrs. Jimo Garner, Derrell Sawyers, Kenny Spitzer, Mr. and Mrs. Roy Dean Smith.

Mr. and Mrs. R. O. Gibson were dinner guests of Mr. and Mrs. Travis Beil Sunday. Mrs. H. T. Magness, sister of Mrs. Beil, and Cliff Magness, nephew of Mrs. Beil, has been visiting in the Beil home during this week.

FAIRVIEW NEWS

By MRS. ELMER JOINER

All other news seems of such a little meaning this Monday morning, when we view the tragedies that have happened to our friends and near neighbors in other communities the past few days and hours. We expect to die when we reach a certain age but when our young people are killed with such increasing numbers it is more than we can understand. All we can do or say is, We are sorry, but it is such a little thing.

Word has been received this morning of the death of Ray Johnson Jr., in a car accident, last night at about 11:30, in the Abilene vicinity. He was the son of Mr. and Mrs. Ray Johnson, who live out our way. Words cannot express our sympathy to the bereaved ones.

Although we did not know any of the girls and the teacher, that were killed Friday, from the Noodle school, in a wreck near Cross Plains, our hearts go out to them all in their sorrow. The girls were some one's daughters, and not knowing them, didn't make it any less tragic. And the young mother, leaving her three babies, it is something we just can't comprehend, all we can do is leave it to a Higher Power, who knows and understands all.

Bryan Goodwin, brother of Woodrow Goodwin and a resident of the Hanna community, passed away Sunday afternoon in the Anson Hospital. Although he had been ill for some time, death was unexpected at the time, since he seemed to be improved from Saturday. He was brought from the nursing home in Roby to the hospital Friday. Services will be held in the Hanna Baptist Church, Tuesday, at 2:00 p.m. He is survived by three daughters, several grandchildren, and twelve brothers and sisters.

Jesse Treadwell, resident of Hamlin, and pioneer of our vicinity is improving each day, after spending six weeks in the Anson Hospital, fighting a bout with double pneumonia and complications.

Mrs. Woodrow Goodwin has been on the sick list last week, also. Mrs. Joe Ford was not able to be in church Sunday, suffering from a cold.

Several visitors were with us Sunday and Sunday night. Mrs. J. W. Ray, Lubbock, who is visiting her daughter, Mrs. Derrel Lewis, was in both services Sunday. Mrs. Ray's husband recently passed away in Lubbock.

Mr. and Mrs. J. D. King, Midland, surprised her sister, Mrs. Fred Rosenbaum, Sunday night, by walking in on them at church services. We are always glad to have them with us, as Mrs. King was a little girl in our community, being the former Thelma Downey.

Quite a bit of excitement was caused Sunday night when some strange people walked in, upon investigating it was found that they were Mr. and Mrs. Berney Surek, from Stamford, and 11th daughter, Rosie. They had been married in our church 17 years ago this month, by the pastor, George Masingle. She was a former Kutach girl, and it was obvious why they wanted to visit the place of their marriage, although no one was present that was there when she lived in our community.

Mrs. Mary Sue Henry, Rule,

and her daughter, Ann, who is a teacher in the Lubbock schools, visited with Mr. and Mrs. E. A. Henry Saturday.

The Henry's son, Mr. and Mrs. Clois Henry and children, Snyder, visited with their parents Sunday.

Nancy Ford was one of the girls from the Hamlin FHA department, to attend the area meeting of the group, on the campus of Tarleton State College in Stephenville, Friday and Saturday.

Mr. and Mrs. Fred Rosenbaum visited with Mr. and Mrs. Elmer Joiner Sunday afternoon.

Mr. and Mrs. Flavil Holmes, Mr. and Mrs. Jack Wright and children went to Midland to spend the week end with Mr. and Mrs. Jimmy Holmes.

Mrs. Winson Gray visited with Mrs. Johnnie Agnew Saturday afternoon. Mrs. Agnew is recuperating from major surgery and is reported to be doing fine.

Mrs. E. A. Henry visited with Mrs. John Dutton, in Anson, last Friday afternoon. Mr. and Mrs. Dutton are both poorly, which we are sorry to hear.

Mrs. H. L. Ford's sister, Mr. and Mrs. Ralph Rosmand, Dallas, visited with her Saturday.

Mr. and Mrs. Jimmy Joiner and children, Stamford, took supper with his parents, Mr. and Mrs. Elmer Joiner, Wednesday and Friday nights.

Saturday night Mr. and Mrs. Emmitt Thackerson and Mr. and Mrs. Harold Valiant, visited with Mr. and Mrs. E. A. Henry.

Fourteen attended the mid-week services Wednesday night, which was a fair crowd, considering that the pastor was unable to be there.

Another sad event happened over Corinth way last week. The Corinth Baptist Church, once a strong rural church, voted to disband and sell their building, a victim of the changing times in the rural communities.

Family night at our church will be celebrated this coming Friday night with a supper in the home of our pastor, in Rotan. All are urged to attend and partake of the good food and fellowship to follow. Mrs. Lewis even agreed to barbecue the church coon, if some one would catch it for her.

The coon is still on the premises for every one thought it was coming out Sunday night to attend services, from the commotion it made in the walls.

Ann Cumble and Mike Baldwin Win Essay Contest

Anny Cumble and Mike Baldwin won the Stonewall County 4-H, Soil Conservation District Essay Contest. The subject of the contest was "Conservation A Way of Life," and was sponsored by the King-Stonewall Conservation District, Thomas McMeans, chairman.

Judy White was second place winner in the junior division and Judy Sander was third.

In the senior division Perry Workman was second and Brenda Dalby was third.

It is possible to leave Wake Island on January 21 and arrive at Midway Island on January 20.

GREAT DAY

FOR GETTING THINGS DONE BY PHONE

So maybe the rain is coming down in sheets. Lightning flashing.

Thunder booming.

No matter how wretched the weather, you can keep right on using your telephones.

Some years ago, bad weather might have affected your telephone service.

Today, things are different.

Most telephone cables are now filled with pressurized dry air. If a cable springs a leak,

the force of the escaping dry air holds out moisture and keeps phones working. An alarm automatically tells repairmen the location of the break. Usually, the trouble is fixed and you never know anything was wrong.

So go ahead and use your phone when the sky opens up and the rain comes down. Pressurizing telephone cables to give you storm-proof dependability is another improvement made with you in mind. Our never-ending goal is to improve your telephone service and make it more valuable to you.

NEINDA PHILOSOPHER AMAZED TO FIND OUT NEW YORKERS PREFER LOCAL NEWS, SAME AS REST OF US

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One uncovers a fact about people in his letter this week.

Dear editor:
I know everybody is supposed to be international-minded these days, that it's only ten hours by jet from this Johnson grass farm to the other side of the world, if you could find a place to take off from, or land when you get there, that it's only 20 minutes by missile and one of those things doesn't need a landing field, and so I try to keep abreast of things and not upset world affairs. In fact, lots of time I have left off important work that should have been done around here until I had studied its effect on DeGaulle's thinking, if you want to call it that—not going to catch me repairing a fence if it's going to keep England out of the Common Market, but last night I ran across an item that makes me doubt if some areas of the nation are keeping up with this advanced notion.

In fact, the area is New York City.

THIS is the Center of the Southwest.

The Center of the Southwest is our service area.

It is called the Center of the Southwest because it is in the very heart of one of the Nation's fastest growing regions.

For many months we have been engaged in an extensive expansion program throughout our service area, enlarging both generating capacity and distribution facilities.

It is a far-sighted, long-range program based on one simple fact. We are convinced that the Center of the Southwest faces GROWTH UNLIMITED.

Current conditions confirm the belief. Population is increasing, more businesses are moving in, new industry is coming our way, natural resources are being developed, bank deposits, spendable income and business construction all are on the way up.

That is why we are investing millions to meet the present growth of the Center of the Southwest, and to be prepared for its continued development in the months and years ahead.

a say in selecting the 25 committee members. They propose that the governor name 15 committeemen, Lt. Gov. Preston Smith five, and Speaker Byron Tunnell, five.

Governor Connally, who still is recuperating from a hernia operation, believes he can get a better balanced committee if he names all members.

TRESPASSING BILL — Rep. Bill Rapp of Raymondville, wants to simplify trespassing convictions.

He has introduced a bill that would allow a landowner to establish ownership simply by going into court and swearing he owns the land. But Rep. Rapp found few supporters when he appeared before the House Criminal Jurisprudence Committee.

Rep. Travis Peeler of Corpus Christi backed him up. "I know of no convictions in my area," he said. "It is so absurd to spend maybe \$500 to establish title to get a \$50 conviction, no one tries it."

Rapp told the committee, "I own no land, but I feel that a man who owns land should be able to keep me off if he doesn't want me on. People know they can get by with trespassing under the present law, so they trespass."

He said ranchers in his part of Texas are especially plagued with trespassing hunters.

Criminal jurisprudence committee agreed with Rapp that a man should be able to protect his land from hunters who might mistake cows for deer. But some were afraid that the bill could be used to establish title in an ownership dispute.

So the bill was sent to a subcommittee to have the wrinkles ironed out.

SENATE CHANGE PROPOSED — Big city legislators joined Rep. Tom Bass of Houston in a new effort to break up the rural domination of the state senate.

Bass' resolution calling for a vote on a constitutional amendment that would cut out the limitation of one senator per district was signed by Reps. Herbert Shutt, Chet Brooks and Charles Whitfield of Houston; V. E. Berry and Jake Johnson of San Antonio; Dick Morgan and George Macatee of Dallas, and Dave Finney of Fort Worth.

Under Bass' proposal, Harris County would get four state senators on the basis of qualified electors. But no one has suggested a solution to the constitutional limitations that restricts the senate to 31 members.

OPEN MEETINGS — By the time Rep. Chet Brooks' bill to ban secret sessions by all state

and local boards, commissions and councils passed the House of Representatives, it was little more than a legislative resolution in favor of open public meetings.

Brooks — news reporter on leave from the Houston Post — failed in his attempts to fight the exclusion of a penalty. So the way the bill now stands, if a citizen is barred from a meeting of elected governmental officials, he may seek an injunction against the barring group.

Rep. Charles Whitfield of Houston said, "Ordinarily, it takes eight or 10 days to get an injunction. Meanwhile the meeting is over."

COUNTY PARKS BILL PASSES — House of Representative voted to give county commissioners authority to set speed limits in county parks and more regulations against littering.

Rep. James L. Lattimore of Corpus Christi was author of the bill. It now goes to the Senate for confirmation.

A 14-MAN JURY? — House criminal jurisprudence committee praised a bill by Houston representative Paul Floyd and sent it to the House for a vote.

Bill provides for the selection of one or two alternate jurors, to be used in case regular jurors become ill.

Present law calls for only 12 men. Often this results in mistrials because a juror may become sick midway through a trial.

Under Floyd's bill, the 13th and/or 14th juror would sit through the entire trial and follow regular jury rules. But he would sit in on a verdict decision only if one of the regular dozen became incapacitated.

COURT RULES ON SAFETY LAW — Col. Homer Garrison Jr., director of the State Department of Public Safety, cautioned drivers of publicly-owned vehicles that they must comply with the provisions of the state's responsibility law.

Garrison said that a recent ruling by the Waco Court of Civil Appeals confirmed the fact that the law must be complied with by drivers of publicly-owned vehicles. The safety responsibility law requires everyone involved in an accident to show his ability to pay for damages caused to others.

This can be done by purchasing a liability insurance policy; by obtaining written releases from damaged persons; or by depositing cash in the amount of damages with the Department of Public Safety.

House Committee on Insurance has approved a bill by

Rep. Robert Fairchild of Center which would strengthen and stiffen the safety responsibility law. Under this bill, if anyone failed to prove financial responsibility, the DPS could take his driver's license, as well as his car license plates.

LYNCH BAN CONSTITUTIONAL — A law prohibiting lynching is constitutional, says Atty. Gen. Waggoner Carr. Carr also held that Floyd R. Palmer Landscape Company can be held to a bid of \$16,161 for landscaping work around a state office building, even though the company says it will lose money on the project.

In other opinions, Carr said: A facility caring for six or less children during the day must be licensed as a commercial boarding house.

A county which purchases gasoline for its own use must pay the state excise tax, but is not subject to the federal excise tax.

Texas, buying and registering cars in other states, still must pay the 1.5 per cent tax on the purchase price if the car is operated in Texas.

New residents coming into the state, are subject to a \$15 use tax, he says.

VENDORS WIN — The state cannot collect the two per cent sales tax on sales through vending machines, where each sale is less than the minimum 24-cent taxable range.

Justice John C. Phillips of the Austin Court of Civil Appeals pointed out that the sales tax is a levy on the consumer, not the vendor.

"VACATION STATE" — A lady legislator believes the slogan "Vacation State" will bring Texas a bundle of tourists dollars.

Rep. Myra Banfield of Rosenberg wants that slogan placed on all future Texas auto license plates.

She has introduced such a resolution in the House, asking that the Texas Highway Department order it done.

"Personally, I believe that tourism can bring more money into our state than any industry," she says.

VACCINATION REMINDER — Texas Health Department currently is reminding travelers to foreign countries of the need for certificates of vaccination.

Citizens planning to go abroad or visit the interior of Mexico must obtain a smallpox vaccination certificate.

U. S. citizens returning from another country are required to have valid International Certificate of Vaccination or re-vaccination against the disease.

SHORT SNORTS

Texas again led the nation in 1962 as the foremost interstate highway builder with 3,000 miles of highway construction contracts awarded during the year.

Rep. Bill Rapp of Raymondville and Rep. Maurice Pipkin of Brownsville introduced a bill to repeal the 1961 Sunday Blue Law.

State Comptroller Robert S. Calvert said a new cigarette vending machine permit — a gold, pressure-sensitive decal — must be displayed on all machines March 1.

On March 20, principal executives from oil purchasers throughout the nation will come to Austin to testify on the demand for Texas oil.

Savings and loan associations may operate multiple branches within the same city says the Third Court of Civil Appeals in Austin.

It costs \$7,200 to get a loaded B-47 jet bomber off the runway.

Robert Brandon To Play in Tourney

Cisco — Robert Brandon, sophomore student from Hamlin at Cisco Junior College, is a member of the Wrangler basketball team which has been selected to play in the Region Four National basketball tournament at Amarillo. The tournament will be held March 7, 8, 9, according to Bob Carter, region director.

Chosen as one of the eight teams from this region out of a possible 15, the Wranglers finished their season early in February with a win-lose record of 10-15, finishing fourth in the region.

Brandon is the son of Mr. and Mrs. O. E. Brandon of Hamlin.

SAFETY ASSOCIATION TELLS DISTANCES NEEDED TO STOP

How much space is needed for a car to stop? A lot more than you might think, according to the Texas Safety Association.

A dime—or even a dollar—is not quite enough, even under the best of conditions.

Stopping distance is the sum of reaction and braking distances, and these depend on several variables.

Reaction distance is how far you go while you make a decision and get your foot to the brake. It varies with speed.

Reaction time for most drivers is about three-quarters of a second. In that time a vehicle moving at 20 miles an hour travels 22 feet; at 50 miles an hour it goes 55 feet. At a given speed, the distance is the same regardless of the type of vehicle, condition of roadway or state of weather.

Braking distance is how far you can go once the brakes are

applied. This varies with speed and type of vehicle, as well as with conditions of road, brakes, and so on.

The National Safety Council reports that for a passenger car on level, dry pavement, braking distance at 20 miles an hour averages 25 feet, while at 50 miles an hour it is 188 feet. This means that the car's total stopping distance at 20 miles an hour is 47 feet, and at 50, it is 243 feet.

The stopping distances are greater for trucks and vary with their size. At 20 miles an hour a light two-axle truck needs about 52 feet, while a heavy three-axle truck or combination needs 72 feet.

These stopping distances are averages. Precise stopping distances cannot be determined because of such obvious variables as roadway and brake conditions, and less pressure to the brake pedal.

More important than the braking distance is perception time. This can be zero, as when a driver is watching the all lights of the car ahead when the brake lights go on. It can be several seconds if the driver is watching something to one side and does not see at once a situation in the roadway which requires him to stop.

Knowing that reaction distance at 30 miles an hour is 33 feet does not mean that that is a safe distance to keep from the car in front, the Association warns.

Don't depend on reaction time to get you out of trouble. You can't see every emergency as soon as it arises. Drive in such a way that you don't need your reaction time and braking distance to avoid an accident.

Then, when you do need them, they'll still be there.

Sharon Townley Named 6th Grade Band Winner

Sharon Townley, who plays the clarinet in the Sixth Grade Band, was selected by the group as "First Chair of the Month" last week. Other first chair players and their instruments include: Joey Duncan, alto sax; Jane Hymier, snare drum; Sharee Nail, flute; Pat Perrin, cornet; and Mike Young, trombone.

Sharon is the daughter of Mr. and Mrs. Jack E. Townley.

5th Grade Band Chair of Month

Mike Owen was selected "First Chair of the Month" of the Fifth Grade Band last week. The selection was made from all those who were in first chair positions. This included: Tony Collins, cornet; Thomas Goolsby, trombone; Leslie Harkey, flute; Rochelle Kincaid, alto sax; Jeannie Trotter, clarinet.

Mike, son of Mr. and Mrs. C. B. Owen, plays the snare drum.

Charlie Myatt Recognized for Livestock Work

Charlie Myatt, hardworking Jones County rancher from Nugent, successfully led Jones County over the top in the Jones County Screwworm Fund Drive, just as he previously led the County in the Brucellosis testing program. Jones County livestock producers owe a debt of gratitude to Myatt and his committee for getting these programs put over.

It was under his leadership that Jones County became a Modified Certified Brucellosis Free Area on December 13, 1962; and just two months later, Myatt and his committee were largely responsible for the collection of \$9,500.00 for the Jones County Screwworm Eradication Program.

County Agent, Kirby Clayton, describes Myatt as a man who just won't give up when assigned a job, until that job is completed. "When everyone else had given up, Myatt continued to fight to put these programs over—many times giving his own car hundreds of miles at his own expense," Clayton said.

Myatt, in his humble way, gives all the credit to those hardworking committeemen, bankers, businessmen and sportsmen who worked so hard and gave so liberally of their time and money. In commenting on these programs, Clayton says they are worth thousands of dollars to Jones County Livestock Producers and to the County's economy.
